

The "set demo values" button doesn't input data in all sections.

Description

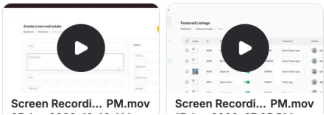

Preconditions:
User is logged in as Admin
User is on Create New Real Estate page

- Steps to Reproduce:**
1. Navigate to Dashboard > Real Estate > Create
 2. Click on "Set Demo Values" button
 3. Observe all populated fields

Expected Result:
All fields should be automatically populated with a valid demo value along with other fields

Actual Result:
Some fields (every time are different) remains empty after clicking "Set Demo Values" button
